# Implements

L3301 - L3901 - L4701

## Front Loader

The LA525 and LA765 Front Loaders have a specially designed curved boom that can handle the big tasks that the Standard L-Series is made for, providing exceptional lifting power and height, as well as exceptional durability.

## Curved Boom

The curved boom provides enhanced visibility and modern styling.

## Protected Hoses

The hydraulic hoses are neatly tucked inside the backhoe to protect from wear and tear.

## Loader Joystick

The loader valve and joystick comes standard with either loader package. The joystick is ergonomically placed within easy reach of the operator.

## 2-Lever Quick Coupler

With our 2-Lever Quick Coupler, changing between buckets and other implements is a snap. This is the option for those who do a lot of bucket work and frequently change bucket types.

The 2-Lever Quick Coupler is standard on the LA525 and LA765 loader package. Optional front attachments for the 2-Lever Quick Coupler: 66" and 72" Buckets, 36" Pallet Forks, Bale Spear

## Backhoe

The BH77 backhoe is "Performance Matched" with the L3301, L3901 and the BH92 is "Performance Matched" with the L4701 to deliver more power and greater capacity.

## Wide Legroom

Our full-flat deck gives you ample legroom. This makes operation comfortable and mounting and dismounting the tractor easy.

## Quick Attach/Detach

The less time you spend between jobs, the more productive you become. To this end, the BH77 and BH92 are equipped with quick attach/detach mounting system. This makes attaching or detaching the backhoe a snap. So you can quickly move on to your next job.

## Cast Steel

Mainframe provides a strong and durable backhoe. No welds to crack or break.

## Optional Hydraulic and Mechanical Thumbs

Thumbs empower backhoes with great versatility to handle objects such as logs and landscape rocks. Both the BH77 and BH92 backhoes come with pre-installed thumb brackets to accommodate the optional 6-position mechanical thumb. In addition, the BH92 also offers an optional hydraulic thumb.

## Rear Snow Blower

2-Stage Rear 3-Point mounted Snow blower  
Two sizes available 64" and 74" cutting widths.

## Ballast Box

Mounted on the 3-Point hitch filled with sand or gravel to counter balance the tractor while operating a front implement.
